Lumière Magnetic GLASSBOARD

PURE White Starphire Magnetic Glass
 Fixtures float the board 20mm off the wall

The Lumiere Starphire Difference...

PURE White or 'Starphire' Glass is Low-Iron Glass allowing non-tinted transmission through the glass of the white finish. Low Iron glass is optically absolutely clear due to the reduced iron content. Mineral traces in standard glass gives a slight green tint. Choose Lumiere Starphire Glass boards if you want a PURE Brilliant White or Deep Black finish.

- Contemporary Frameless – alternative to traditional whiteboards highlighted by the translucency and elegance of premium glass.
- Quality – toughened 4.5mm glassboard, non-porous surface will never ghost or stain and works with standard dry-erase markers.
- Fixtures - white fixtures compliment the white glassboard, silver highlight the black glassboard floating the board 20mm off the wall
- Perspex pen tray and 5 strong magnets included

Code	Description	Size (mm)

CUSTOM SIZES MADE TO ORDER

GLASSBOARD CUSTOM COLOUR

Starphire Glassboard available in your choice of colour. Starphire glass (no green tinge) allows accurate colour matching. We use Starphire Glass rather than standard glass which has a slight green tinge that affects the colour. Highly suitable for meeting rooms, board rooms, restaurants, clubs and homes. Toughened glass with polished edges and rounded corners.

- Sizes up to 1500x900mm have 4 holes with 4 fittings
Sizes 1500x1200mm or more have 6 holes with 6 fittings
- Silver fittings standard or optional colour matched fittings
- Other sizes are available, please call us
- Freight charges apply due to the sensitive nature of glass
- Made to order lead times apply & are non-returnable
