

EDGE LX7000

ARCHITECTURAL FRAMED PINBOARDS

Specifically created for the architectural and commercial designer market. The EDGE LX7000 frame provides a stylish ultra slim frame for communication boards that enhances any modern office or workspace. Combined with our most popular fabrics used in work screens, pinboards boards and workstations, it becomes a vital surface to collect and exchange ideas and thoughts. Wherever people plan, meet and create ... simply share your ideas by pinning them to the wall.

AVAILABLE IN 5 FABRIC OPTIONS

AUTEX VERTIFACE

SUZETTE

KROMMENIE

ECHOPANEL

Echopanel standard colour range.
Echopanel is available in many colours and patterns.

ACOUSTICA

Speckled Black - Made from 100% recycled tyres.

Available in a standard satin silver or either powder coat white or black edgeless frame, the rear mounting split brackets completely hides all fixtures from the board face providing a totally clean and visually appealing look. Standard sizes available, however panels can be any size up to 3000 x 1200mm. Low profile 2mm EDGE boards can be mounted side by side, virtually seamlessly to create a communication wall. Whiteboard panels can be matched with any notice board or material panel required also using the EDGE LX7000 slim frame to fully integrate with your office décor.

2mm EDGE frame has no lip and sits 20.7mm off the wall.
